

lunch

once there was a dinosaur
named Tyrone

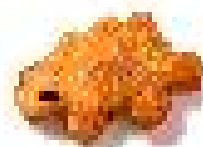

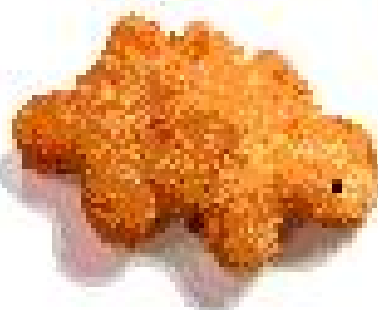

Tyrone lived in
Plate Town.

Plate town had lots of
dinosaurs.

(and a worm.)

Tyrone had a problem.

it was lunchtime, and Tyrone
was hungry, but he had nobody
to eat with.

first he asked Mama and
Baby Stegosaurus.

Could I have
you over for
lunch?

but Mama and Baby Stegosaurus were late for daycare, so they rushed away.

Tyrone had thought daycare was closed, but Mama Stegosaurus would know best.

next he asked Mr Brontosaurus,
the business man.

Could I have
you over for
lunch?

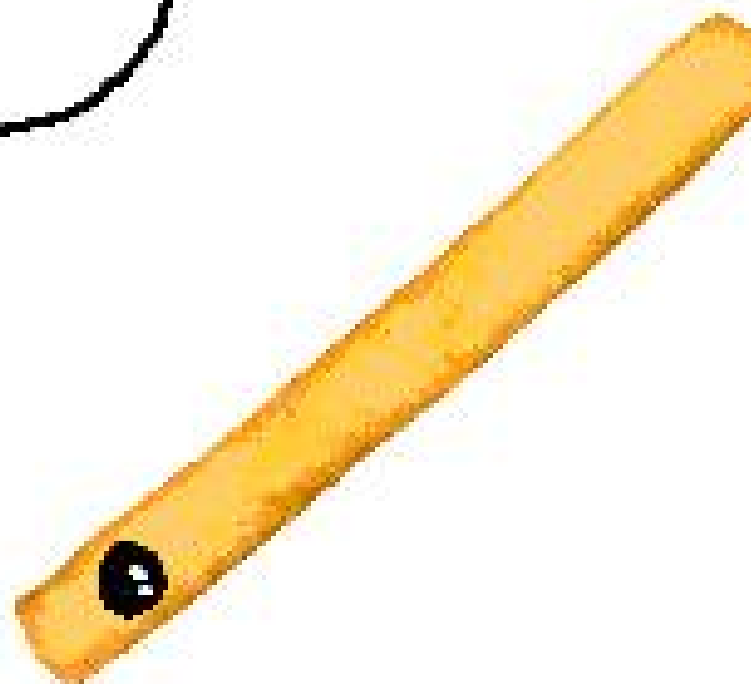

but Mr Brontosaurus had an important meeting to go to, so he hurried off.

Tyrone was starting to worry that nobody would eat with him.

Finally, he asked The
Worm.

Could I have
you over for
lunch?

but The Worm just
wiggled away without a
word.

Tyrone didn't
know what he'd
expected.

it looked like Tyrone
would have to eat lunch
alone.

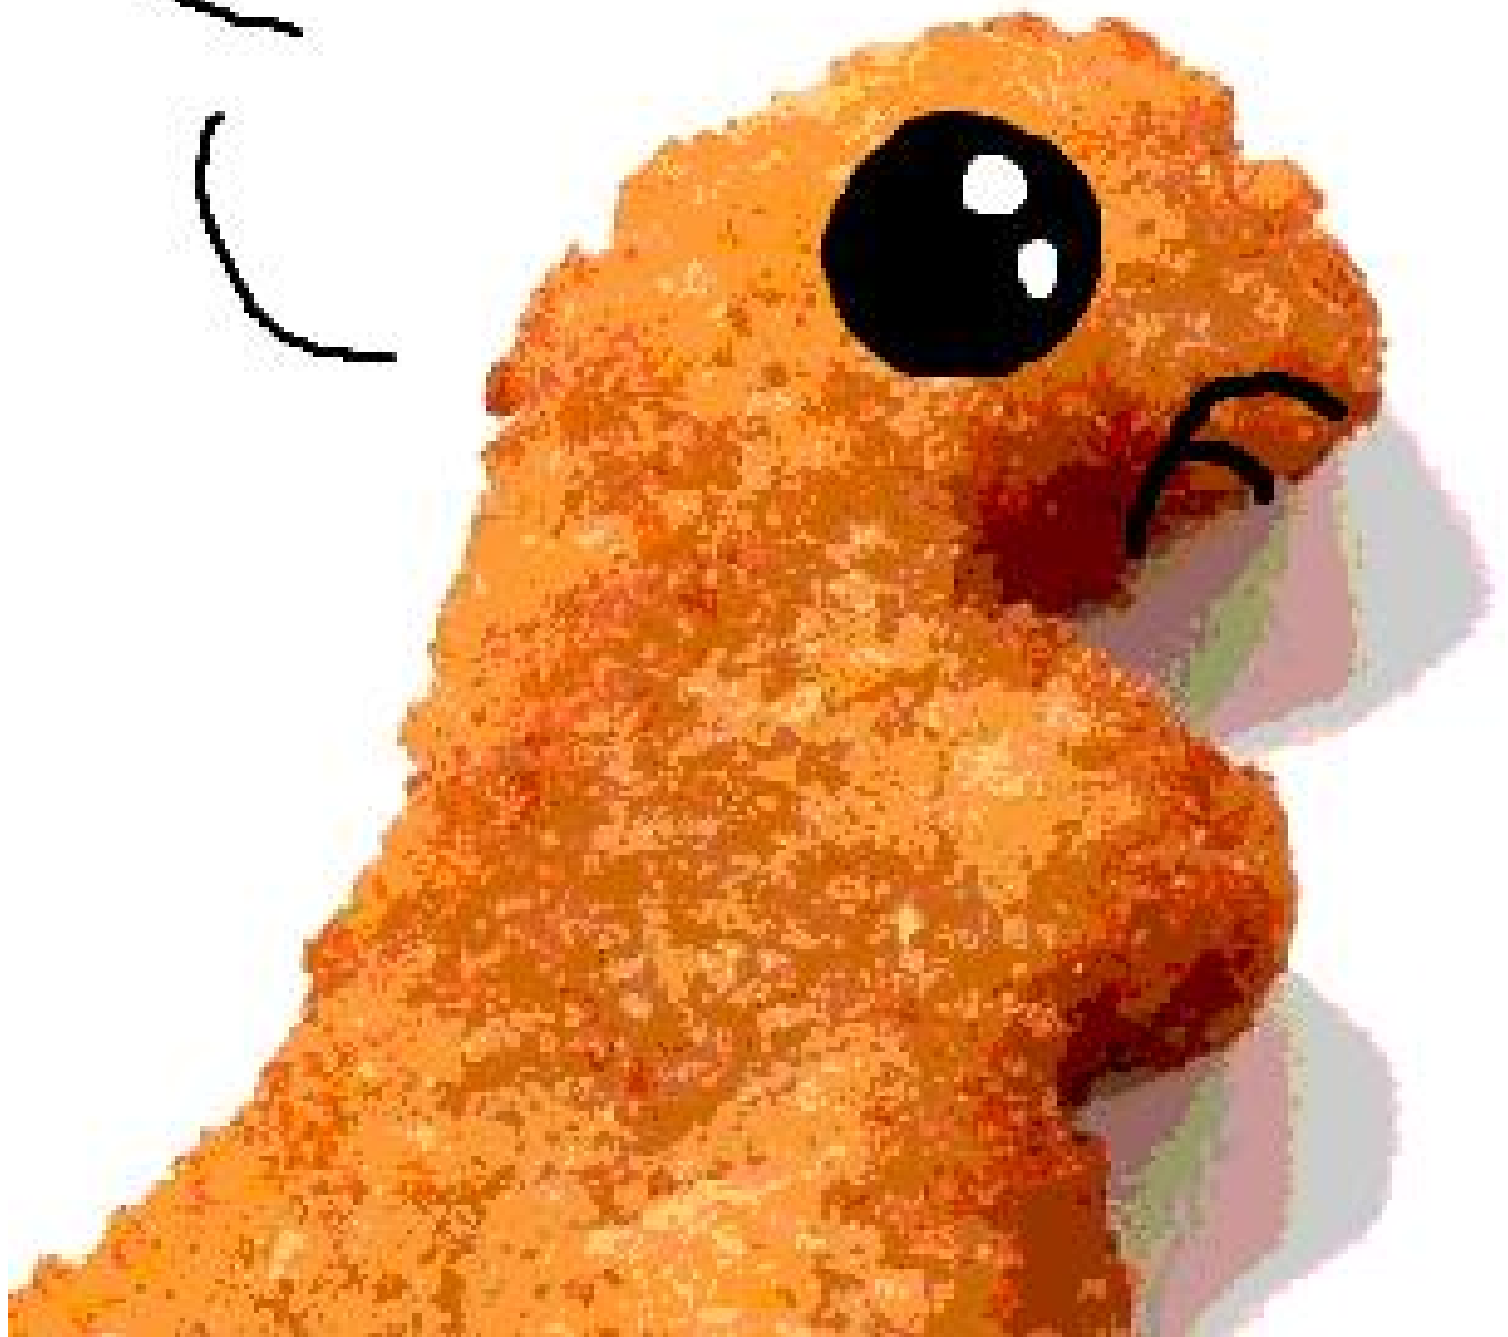

just when all hope
seemed lost, a voice
came from the heavens.

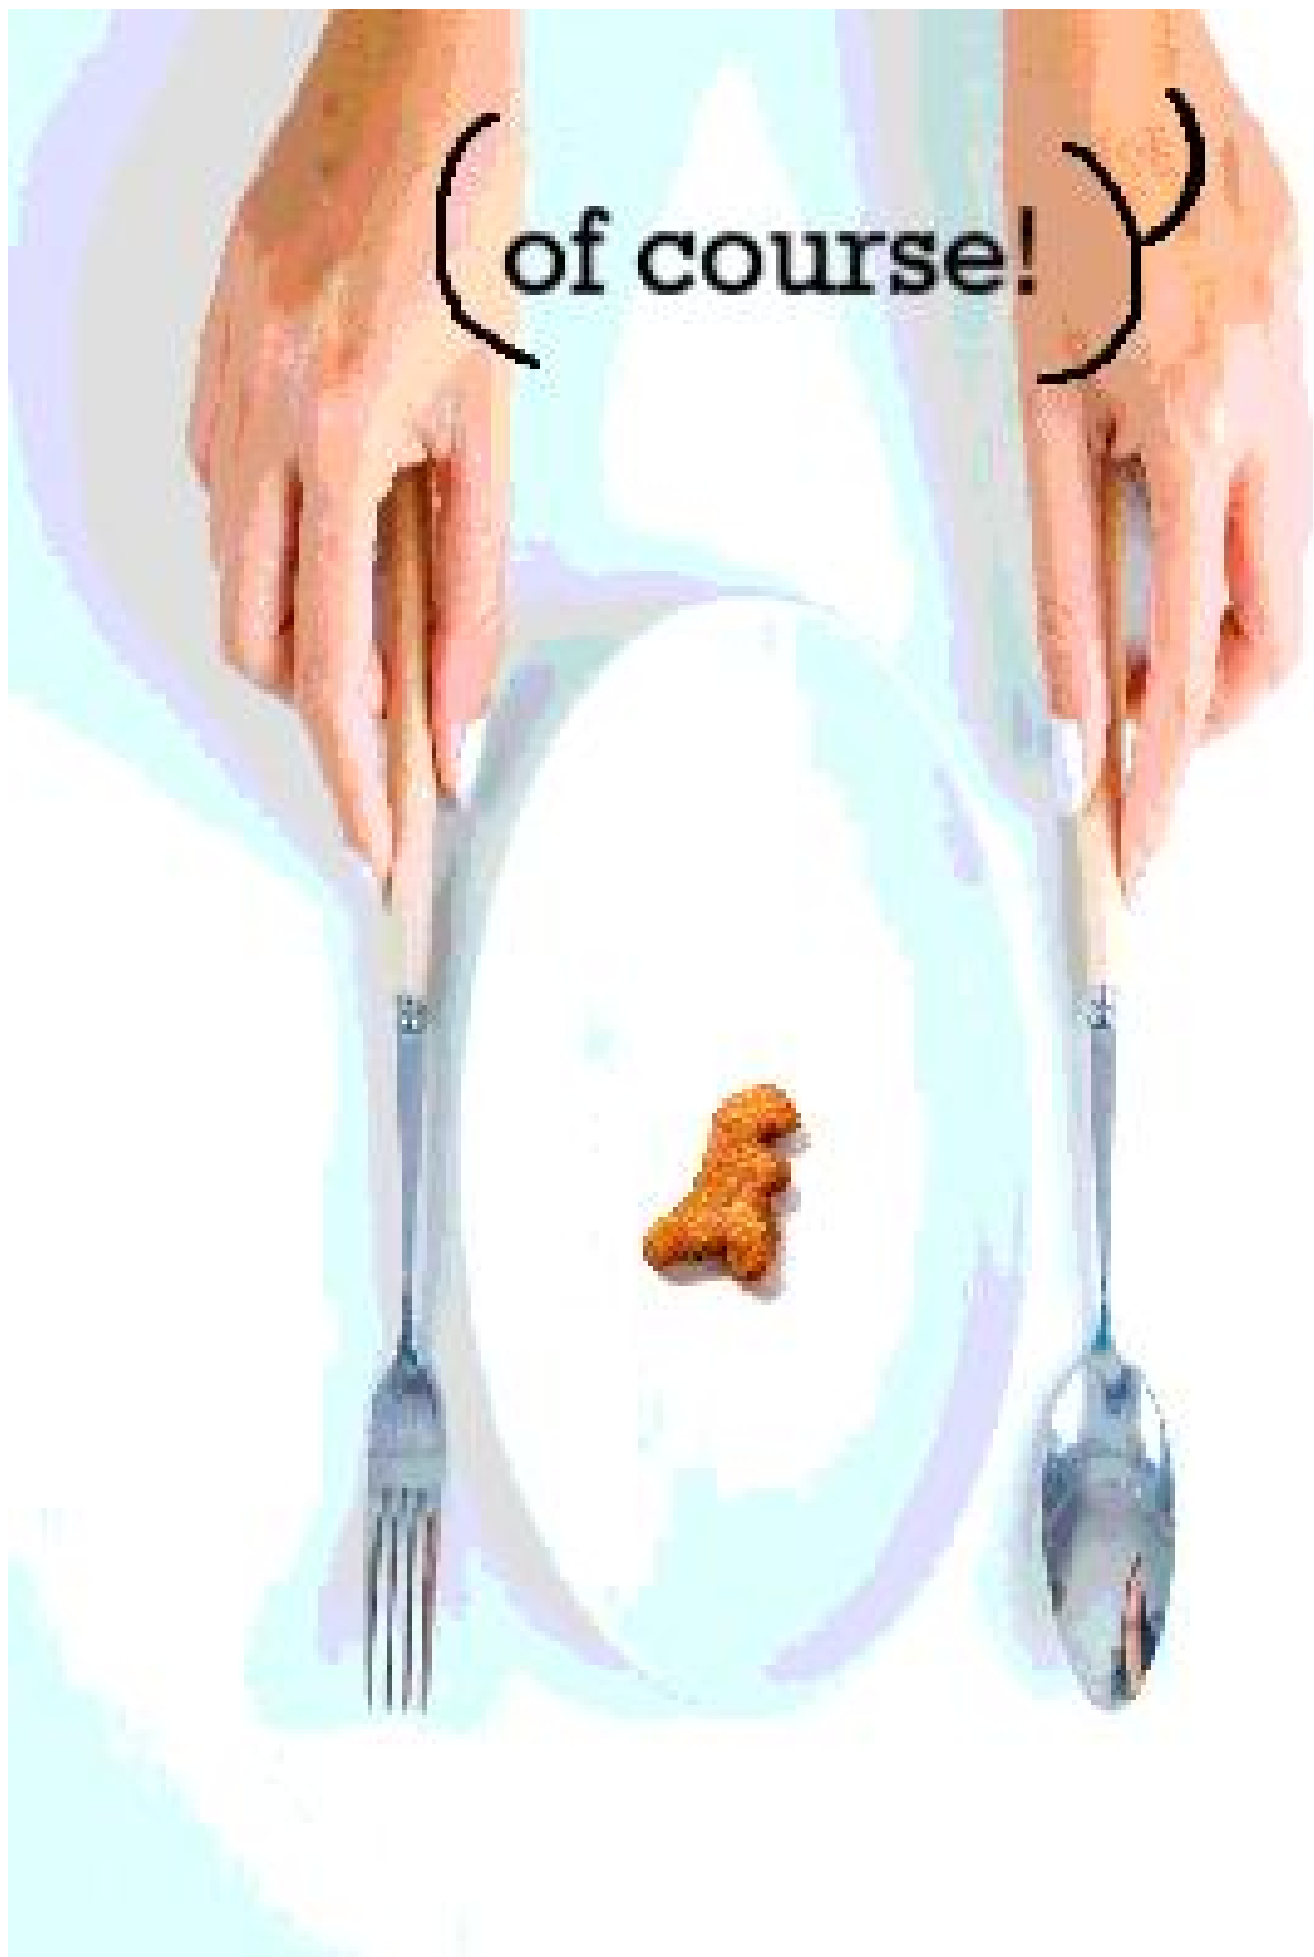

i would love to
have you for
lunch.

really???

(of course!)

the end.
